Lab Folder

[modules / Module 356 / ALAB 356.1](#)

The lab folder contains all four required files:

- `builtin_usage.py`
- `mypackage/utilities.py` and `mypackage/__init__.py`
- `use_utilities.py`
- `external_package.py`

Example outputs are included as both text logs (`ALAB-356.1-output-logs.md`) and terminal screenshots, along with a `README.md` documenting how to run each script.
